

## PART 2: ONE FOR THE ROAD

### Introduction

Here's to a new year and new adventures! After playing defense for the last couple of years, many of us are ready to ask and hope for God to do big things in our lives in 2022. But what if God actually has other plans for us? Are we willing to follow his plan, no matter how strange it seems?

### Discussion Questions

1. Have you ever had an experience alone that you wished you could have shared?
2. When do you feel unity of purpose with a group of people? Have you ever achieved something great by working with a team?
3. *Read John 17:20-23.* What is the one thing Jesus prayed for when he prayed for you?
4. Jesus asked that we would have unity, "so that the world may believe." It seems everything in Jesus' life revolved around this one purpose, "so that the world may believe." If this was Jesus' overarching life mission, and you are a follower of Jesus, does that mean it is also your overarching life mission?
5. The strategy of Access Church is to lead people to grow in faith (intimacy with God), make friends (community with insiders), and live with purpose (influence with outsiders). How easy or difficult is it for you to align with that strategy?
6. What can you do to help reach those who aren't here yet?

### Moving Forward

As we kick off the adventure that will be 2022, are you willing to join the cause that Jesus gave his life for? Are you willing to unite with other believers to solve the one problem that Jesus came to solve? Through our unity on this mission, those who aren't here yet can discover that it's possible to reconnect with their heavenly Father, now and for eternity.
